

Biosecurity Approved

Flinders Warehousing & Distribution (FWD) is an innovative and fully integrated supply chain solutions provider located at two sites adjacent to the Flinders Adelaide Container Terminal at Outer Harbor.

Backed by an extremely strong safety and environmental record through Flinders Logistics, FWD delivers safe, efficient and cost-effective supply chain solutions.

Building on this foundation, FWD is now biosecurity accredited under the Biosecurity Act 2015 with an Approved Arrangement (AA). Our site ID is 1836.

Our accreditation classes

Class 2.6	Empty shipping container parks
Class 4.1	Heat treatment site
Class 4.3	Cleaning
Class 4.6	Fumigation
Class 4.7	Secure unpack for treatment of seasonal hitchhiker biosecurity pests (BMSB)
Class 11.2	External container scheme; including <i>Tailgate / Rural Tailgate inspection</i>

FWD continues to work through additional licenses, such as Class 1.1 and an Export Establishment to manage Prescribed Goods for export.

Our enhanced capabilities include

- Biosecurity Tailgate inspections
- Biosecurity Rural Tailgate inspections
- Biosecurity Breakbulk inspections
- Fumigation
- Biosecurity Heat Treatment
- Biosecurity approved wash bay

Benefits of using FWD

- Interchange grid connected to the Container Terminal
- Large, clean hard stand area to accommodate significant volumes
