DCN - FTA's recommendations to the Productivity Commission

FTA/APSA remain of the view that the only realistic solution is for regulatory intervention to impose limits on when, or the amount of, container detention that can be charged.

While our expectations are managed, following the line of questions and responses from participants at the Productivity Commission hearing, we are increasingly confident that we will see the commission retain and potentially strengthen their draft recommendations for incorporation in their final report.

How governance of our infrastructure can give us a global edge, and why we need to change.

Many thanks to TRISTAN ANDERSON, Executive Advisor - GHD Advisory for his contribution to the latest edition of Across Borders.

The Governance and operations of our transport infrastructure has been in the spotlight lately, and indications are that we need to adapt how we manage and leverage the value of existing and future infrastructure.
