

PRIVACY NOTICE AND STUDENT DECLARATION

Privacy Notice

Under the *Data Provision Requirements 2012*, the Australian College of International Freight (ACIF) is required to collect personal information about you and to disclose that personal information to the National Centre for Vocational Education Research Ltd (NCVER).

Your personal information (including the personal information contained on this enrolment form), may be used or disclosed by ACIF for statistical, administrative, regulatory and research purposes. ACIF may disclose your personal information for these purposes to:

- Commonwealth and State or Territory government departments and authorised agencies; and
- NCVER.

Personal information that has been disclosed to NCVER may be used or disclosed by NCVER for the following purposes:

- populating authenticated VET transcripts;
- facilitating statistics and research relating to education, including surveys and data linkage;
- pre-populating RTO student enrolment forms;
- understanding how the VET market operates, for policy, workforce planning and consumer information; and
- administering VET, including program administration, regulation, monitoring and evaluation.

You may receive a student survey which may be administered by a government department or NCVER employee, agent or third-party contractor or other authorised agencies. Please note you may opt out of the survey at the time of being contacted.

NCVER will collect, hold, use and disclose your personal information in accordance with the *Privacy Act 1988* (Cth), the National VET Data Policy and all NCVER policies and protocols (including those published on NCVER's website at www.ncver.edu.au).

UNIQUE STUDENT IDENTIFIER

From 1 January 2015, we [insert RTO name] can be prevented from issuing you with a nationally recognised VET qualification or statement of attainment when you complete your course if you do not have a Unique Student Identifier (USI). In addition, we are required to include your USI in the data we submit to NCVER. If you have not yet obtained a USI you can apply for it directly at <https://www.usi.gov.au/students/create-your-usi/> on computer or mobile device.

18. Enter your Unique Student Identifier (USI) (if you already have one)

You may already have a USI if you have done any nationally recognised training, which could include training at work, completing a first aid course or RSA (Responsible Service of Alcohol) course, getting a white card, or studying at a TAFE or training organisation. It is important that you try to find out whether you already have a USI before attempting to create a new one. You should not have more than one USI. To check if you already have a USI, use the 'Forgotten USI' link on the USI website at <https://www.usi.gov.au/faws/i-have-forgotten-my-usi/>.

DISABILITY SUPPLEMENT

The purpose of the Disability supplement is to provide additional information to assist with answering the disability question.

If you indicated the presence of a disability, impairment or long-term condition, please select the area(s) in the following list:

Disability in this context does not include short-term disabling health conditions such as a fractured leg, influenza, or corrected physical conditions such as impaired vision managed by wearing glasses or lenses.

'11 — Hearing/deaf'

Hearing impairment is used to refer to a person who has an acquired mild, moderate, severe or profound hearing loss after learning to speak, communicates orally and maximises residual hearing with the assistance of amplification. A person who is deaf has a severe or profound hearing loss from, at, or near birth and mainly relies upon vision to communicate, whether through lip reading, gestures, cued speech, finger spelling and/or sign language.

'12 — Physical'

A physical disability affects the mobility or dexterity of a person and may include a total or partial loss of a part of the body. A physical disability may have existed since birth or may be the result of an accident, illness, or injury suffered later in life; for example, amputation, arthritis, cerebral palsy, multiple sclerosis, muscular dystrophy, paraplegia, quadriplegia or post-polio syndrome.

'13 — Intellectual'

In general, the term 'intellectual disability' is used to refer to low general intellectual functioning and difficulties in adaptive behaviour, both of which conditions were manifested before the person reached the age of 18. It may result from infection before or after birth, trauma during birth, or illness.

'14 — Learning'

A general term that refers to a heterogeneous group of disorders manifested by significant difficulties in the acquisition and use of listening, speaking, reading, writing, reasoning, or mathematical abilities. These disorders are intrinsic to the individual, presumed to be due to central nervous system dysfunction, and may occur across the life span. Problems in self-regulatory behaviours, social perception, and social interaction may exist with learning disabilities but do not by themselves constitute a learning disability.

'15 — Mental illness'

Mental illness refers to a cluster of psychological and physiological symptoms that cause a person suffering or distress and which represent a departure from a person's usual pattern and level of functioning.

'16 — Acquired brain impairment'

Acquired brain impairment is injury to the brain that results in deterioration in cognitive, physical, emotional or independent functioning. Acquired brain impairment can occur as a result of trauma, hypoxia, infection, tumour, accidents, violence, substance abuse, degenerative neurological diseases or stroke. These impairments may be either temporary or permanent and cause partial or total disability or psychosocial maladjustment.

'17 — Vision'

This covers a partial loss of sight causing difficulties in seeing, up to and including blindness. This may be present from birth or acquired as a result of disease, illness or injury.

'18 — Medical condition'

Medical condition is a temporary or permanent condition that may be hereditary, genetically acquired or of unknown origin. The condition may not be obvious or readily identifiable, yet may be mildly or severely debilitating and result in fluctuating levels of wellness and sickness, and/or periods of hospitalisation; for example, HIV/AIDS, cancer, chronic fatigue syndrome, Crohn's disease, cystic fibrosis, asthma or diabetes.

'19 — Other'

A disability, impairment or long-term condition which is not suitably described by one or several disability types in combination. Autism spectrum disorders are reported under this category.
