# GSF Global Logistics 2019

17-18 September, Kings Place, Kings Cross, London

## The first GSF & FTA international conference on global trade and logistics

### Topic highlights:

- Global logistics trends and forecasts
- Future of the container shipping industry
- Global logistics environmental footprint & IMO 2020
- Digitisation of transport documentation
- Professional skills development
- Trade facilitation
- China-Europe land-bridge

### Reasons to attend:

- Connect with global industry leaders and develop your network
- Get an update on all the latest regulatory developments – including implications of Brexit
- Find out about key market trends and stay ahead of the curve
- Learn about new technologies and global logistics innovations
- Share your views on the key trends affecting global logistics
